(6) He has earned leave for a period of 5 months and 5 days only. The grant of leave which is not yet earned, in anticipation, especially when he has been given already a special concession of extra leave not earned in 1929 and when under the Economy Order, leave is ordinarily refused to all others, is not financially acceptable. It may however be seen from the papers that in the letter dated 4th March 1932 he has been told that he may anticipate some leave this year to be earned subsequently, though the exact period has not been mentioned. But in G.O. dated 17th August 1932 extending his term that portion has been cut out.

(7) As re: the payment of T.A. for certain journeys in Europe and America for visiting certain medical institutions it has to be stated that the payment of such T.A is not covered either by his contract or any general order of Government. It is not possible to admit as a general principle, ~~the~~ a pay member of T.A. for visiting institutions while an officer is on leave, on the ground that such visits will add to the knowledge or experience of the officer and will therefore indirectly benefit Government, by making his services more valuable. If such a principle were to be accepted and applied consistently, Government would be obliged to pay large sums for the holiday journeys of these officers. Such T.A. cannot therefore be considered as financially admissible in this case.

Subject:—

Leave to Dr. Robinson.

Dr. J.F. Robinson, Durbar Surgeon and Medical Officer, Krishnarajendra Hospital, Mysore, has applied for the grant of 8 months leave from about the middle of April 1933, to visit Vienna and America.

The Comptroller has certified that the officer will have at his credit leave on average salary for 5 months and 5 days. Dr. Robinson wants that he may be allowed anticipatory leave for a further period of 2 months and 25 days to make up 8 months in all and that he may also be granted railway fares for his journeys in Europe and America, as he intends attending clinics in various hospitals and some Surgical Congresses and the knowledge gained thereby will be of advantage to the State.

The Financial Secretary is not in favour of granting the concession of anticipatory leave, in view of the fact that the officer was once before granted this concession and under the present economy orders, leave is ordinarily refused to others. The Financial Secretary also states that payment of T.A. for journeys in Europe and America for visiting medical institutions is not covered by contract or any general orders of Government and that it would be inexpedient to admit such claims on principle as it would lead to inconvenient precedents.

I agree with the Financial Secretary that the cost of visiting institutions and attending Congresses, etc. in Europe and America should be met by the officer himself, but recommend that he may be granted the anticipatory leave for two months and 25 days asked for, so as to make up a total of 8 months leave on average salary.

File No. of 193 . General and Revenue Secretariat

When graded officers of the Medical Dept. were in charge of the Krishnarajendra Hospital, an allowance of Rs 150 p.m was attached to the post (as in the case of the Victoria Hospital & Minto Hospitals) and this allowance has since been reduced to Rs 100 in the case of the latter Hospitals. The Senior Surgeon has not said anything about grant of allowance for Medical charge of the K.R. Hospital on the present occasion.

Re: College, Dr. S. Subba Rao was getting an allowance of Rs 200 as Principal Medical College & Professor of Surgery, until his appointment as Senior Surgeon. Thereafter, the Principal's allowance was separated from that of the Professor and the Principal's allowance fixed at Rs 100/- and the Professor's allowance at Rs 150/-. Mr. B.K. Narayana Rao was getting 150 + 100 or Rs 250 as Principal & Professor, Medical College.

The total allowances to be granted to Dr. Puttanna as Med. Officer & Principal, is for orders. ~~(Also Durbar Surgeon's det~~ Whether he is to be also Durbar Surgeon.

Dr. Robinson is Medical Officer, Krishnarajendra Hospital, Principal, Med. College, Dumbar Surgn. and is also consulting doctor to the Rly Deptt. For these various duties he gets

Rs. 2000 (as Med. Officer & Dumbar Surgn.
250 (as Principal, Med. College, & Prof.)
(50 for Rly work)

in addn. to other privileges of various kind. But his pay, his duties & his allowances are all personal to him & can not be taken into calculation in fixing the emoluments of a person appointed to act for him.

Dr. Pattanna is now getting a pay of Rs. 800 (they got Rs. 800-50-900 during Dr. Narayanrao's absence on leave) and an allowance of Rs. 100 for being in charge of the V. H. and of Rs. 50 as lecturer in the Medical School. When he goes to Mysore, he will be Med. Officer of the Krishnarajendra Hospital & Principal, Med. College & Prof. of Surgery. For being Med. Officer he may get his pay & an allowance of Rs. 100. As Principal & Prof., he might be given 250 as proposed by the Univ. (They will give him Rs. 200 more than what he is now getting).

The post of the Dumbar Surgn. may remain vacant. Dr. Pattanna may act Rly Med. Consultant-without any further remuneration.

I recommend this proposal

I agree except that the allowance for the charge of Principal & Professor may be Rs 200, as there has been reduction of allowances for Principal's Charges of other Colleges after the Retrenchment Committee of 1931

States that the eight months leave to Dr Robinson is presumed to include the special furlough earned; this has to be specifically sanctioned and that the allowance of Rs 2000/- is intended to be sanctioned to the officer during the period.

The Comptroller refers to this Office letter Dy 18.4.33 and no mention is made of the subsequent memo Dy 2.5.33 directing that " of the 8 months leave sanctioned to Dr Robinson the portion over and above the amount of leave available at the credit of the Officer will as a special case be treated as anticipatory leave" In the light of this memo, no further sanction of Govt in this behalf is perhaps necessary. No orders are called for on this point

With regard to second point raised in the p.n.d viz Salary of Dr Robinson during leave, it is submitted that Dr Robinson is in receipt of a ~~pay~~ salary of Rs 2,000 + A 250/- p.m. The Comptroller has incidentally stated that it is "presumed x x x x x x that the allowance of Rs 2000/- is intended to be sanctioned to the Officer during the period"

Dear Sir:

I wrote some time ago enquiring about the amount of leave that will be granted me. I have provisionally booked on the Viceroy of India" sailing April 22nd 1933. Will yn kindly send the P & O. Co certificate covering passage?

If I could be granted 8 months' leave, I could visit Vienna & America to attend clinics in various hospitals. This will put me in touch with the latest in the profession & will be an advantage

to the State in regard to hospital & College work. There are three important surgical congresses to be held in America in October which will be very instructive if I could attend them. In conversation the other day with Sir Mirza, he was of opinion that this would be valuable and that I could borrow leave for the purpose of obtaining 8 months.

Would Government be willing to meet my railway fares in Europe & America (Marseilles to Vienna & Berlin & London) as the knowledge gained in visits to hospitals will be used in the State's interest?

Yours truly

An early reply will be appreciated so that I can arrange my time.

Dear Dr. Robinson,

With reference to your letter dated 20th January 1933, I am desired to state that, as already intimated to you in Mr. R.Ranga Rao's D.O. letter No. 1569/C.B. dated 10th November 1932, you will be entitled to leave on average salary for five months and five days only on 15th April 1933. Government will, however, be prepared to grant you, as a special case, a further period of anticipatory leave for two months and 25 days so as to make up a total period of eight months.

With regard to your proposal to visit certain medical institutions and attend Congresses in Europe and America during the period of your leave, at the cost of Government, I am to state that Government regret that it is not possible to meet the cost in question from State funds.

Messrs. Mackinnon Mackenzie & Co., Bombay, will be addressed in the matter of booking your passage on hearing from you.

With reference to your letter dated 20th January 1933, I am desired to state that, as already intimated to you in my D.O. letter No.1569/C.B. dated 10th November 1932, you will be entitled to leave on average salary for five months and five days only on 15th April 1933. Government will, however, be prepared to grant you, as a special case, a further period of anticipatory leave for two months and 25 days so as to make up a total period of eight months.

With regard to your proposal to visit certain medical institutions and attend Congresses in Europe and America during the period of your leave, at the cost of Government, I am to state that Government regret that it is not possible to meet the cost in question from State funds.

Messrs. Mackinnon Mackenzie & Co., Bombay, will be addressed in the matter of booking your passage on hearing from you. In this connection I am to add that Government expect that any concessions which the Steamship Companies allow in respect of "Return Passages" etc., would be fully availed of by you and that only the minimum charges admissible on this basis will be borne by Government.

Yours sincerely,
